

virtually identical to the officers and management of Skaarfish. Kinn stated that the address, telephone numbers and telefax numbers are the same as those of Skaarfish. Furthermore, it operates the same facilities in Floro, Norway that were operated by Skaarfish for the processing of salmon and conducts business operations at the same executive offices used by Skaarfish. It provided documentation showing that the customer list for Kinn and the supplier list to Kinn is the same as the customer and supplier lists for Skaarfish. Kinn submitted a copy of The Certificates of Registration of Skaarfish, Skaarfish Pelagisk AS, and Kinn Salmon AS.

Thus, in accordance with section 751(b) of the Act, the Department is initiating a changed circumstances review to determine whether Kinn is the successor-in-interest to Skaarfish for purposes of determining antidumping duty liability. In making such a successor-in-interest determination, the Department examines several factors including, but not limited to, changes in: (1) management; (2) production facilities; (3) supplier relationships; and (4) customer base. See, e.g., *Brass of Antidumping Duty Administrative Review*, 57 FR 20460 (May 13, 1992) (Canadian Brass). While no one or several of these factors will necessarily provide a dispositive indication, the Department will generally consider the new company to be the successor to the previous company if its resulting operation is similar to that of its predecessor. See, e.g., *Industrial Phosphoric Acid from Israel: Final Results of Changed Circumstances Review*, 59 FR 6944 (February 14, 1994) and Canadian Brass. This, if the evidence demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the former company, the Department will assign the new company the cash deposit rate of its predecessor.

We preliminarily determine that Kinn Salmon AS is the successor-in-interest to Skaarfish Group AS. Skaarfish Group AS has reorganized to form two firms Skaarfish Pelagisk AS and Kinn Salmon AS. Kinn's management is virtually identical to Skaarfish's. Kinn's business operation, with respect to the subject merchandise are identical to the salmon operations of Skaarfish. Kinn's production facilities are unchanged as are its customer and supplier lists. Thus, Kinn Salmon AS should receive the same antidumping duty treatment as the former Skaarfish Group AS, i.e., a 2.30 percent antidumping duty cash deposit rate.

Interested parties are invited to comment on these preliminary results. Any written comments may be submitted no later than 30 days after date of publication of this notice. Rebuttal briefs, limited to arguments raised in case briefs, are due five days after the case brief deadline. Case briefs and rebuttal briefs must be served on interested parties in accordance with 19 CFR 351.309. The Department will publish the final results of the changed circumstances review including the results of any such comments.

This initiation of review, preliminary results of review and notice are in accordance with sections 751(b) and 777(i)(1) of the Act.

Dated: September 15, 1998.

Robert S. LaRussa,

Assistant Secretary for Import Administration.

Iron Construction Castings From Canada: Notice of Final Results of Changed Circumstances Antidumping Duty Administrative Review, and Revocation in Part of Antidumping Duty Order: Correction

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Changed Circumstances Antidumping Duty Administrative Review, and Revocation in Part of Antidumping Duty Order: Correction.

EFFECTIVE DATE: September 23, 1998.

FOR FURTHER INFORMATION CONTACT: Alexander Amdur or Wendy Frankel, AD/CVD Enforcement, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-5346/5849, respectively.

Correction

The Department of Commerce (the Department) inadvertently referenced incorrect Harmonized Tariff Schedule (HTS) numbers in the scope of the order and new scope of the order sections in the notice of final results of changed circumstances antidumping duty administrative review, and revocation in part of the antidumping duty order

pertaining to iron construction castings from Canada (63 FR 49687, September 17, 1998). Due to revisions in the HTS, the HTS no longer classifies merchandise covered by the order under item numbers 8306.29.0000 and 8310.00.0000. Furthermore, also due to revisions in the HTS, the HTS now classifies heavy castings (as defined by the scope of the order) under item number 7325.10.0010, and classifies light castings (as defined by the scope of the order) under item number 7325.10.0050.

Pursuant to the Department's regulations at 19 CFR 351.224(e), we correct the scope of the order and new scope of the order sections in the above-referenced notice to read as follows:

Scope of the Order

The merchandise covered by the order consists of certain iron construction castings from Canada, limited to manhole covers, rings, and frames, catch basin grates and frames, cleanout covers and frames used for drainage or access purposes for public utility, water and sanitary systems, classifiable as heavy castings under Harmonized Tariff Schedule (HTS) item number 7325.10.0010; and to valve, service, and meter boxes which are placed below ground to encase water, gas, or other valves, or water and gas meters, classifiable as light castings under HTS item number 7325.10.0050. The HTS item numbers are provided for convenience and Customs purposes only. The written description remains dispositive.

New Scope of the Order

The merchandise covered by the order consists of certain iron construction castings from Canada, limited to manhole covers, rings, and frames, catch basin grates and frames, cleanout covers and frames used for drainage or access purposes for public utility, water and sanitary systems, classifiable as heavy castings under Harmonized Tariff Schedule (HTS) item number 7325.10.0010. The HTS item number is provided for convenience and Customs purposes only.

The written description remains dispositive.

Dated: September 17, 1998.

Robert S. LaRussa,

Assistant Secretary for Import Administration.
